# The Ultimate Home Renovation Planning Checklist

Magnet Remodeling is Orlando's premier home remodeling company. We create beautiful bathroom spa retreats, deliver full and partial kitchen remodels, install new flooring throughout your home, and offer interior and exterior painting.

Here, we're sharing our helpful prep checklist and expert tips so you can get one step closer to making your design dreams a reality.

## Pre-Renovation:

- If you need more space to write, please go to page 3 & 4 of the checklist -

### BUDGET AND GOALS

Identify **what's motivating** your renovation. First, it's helpful to list the areas of your home that you'd like to change. Second, **identify how you'll feel** when your renovation is successful. Third, do some research on the type of project you're looking to accomplish and **set a realistic budget range**.

#### Example:

##### Emotional motivation:

"Every time I go into my bathroom at the end of the day, I feel even more drained by its drabness. I wish it could feel more like a retreat space."

---

---

---

##### Technical motivation:

"My bathroom is too cramped to be functional and all of the furnishings are outdated and grimy."

---

---

---

##### What does success feel like?:

"Success is being able to walk into my bathroom and feel good about myself while getting ready for the day -- and, at the end of a long day, being able to run a hot bath in a bright, clean, open space."

---

---

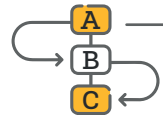

---

---

### WHAT ARE YOUR "MUST-HAVES"?

Make a complete list of all of your design dreams! **The ceiling is your limit.** Then, identify which items are "must-haves" and which are "nice-to-haves."

Room: Bathroom

TASK	MATERIALS	MUST-HAVE?	WHY?
Replace flooring	Tile floors	Yes	Because I want to feel great stepping into my bathroom.
